Guided Discussion Questions

The MFLN Early Intervention team seeks to provide practitioners with resources that support the important work they do with military families. These guided discussion questions are designed to be used with children from ages 3-6 at home or in preschool settings. These questions can be used with children who have a loved one in the military or children who want to gain a better understanding of military life.

3. When have you been really excited about something?
4. How do you think the baby may have felt when meeting the parents?
5. Have you ever felt like the sun was shining in you? What happened that made you feel that way?
